ABOUT US

M&M Oil Tools has proudly served the oil and gas industry since 1944, delivering high-performance tools designed to increase reliability, simplify maintenance, and provide lasting value. From the beginning, our focus has been on solving real-world challenges with innovative, dependable solutions.

We are committed to serving our customers with excellence, offering quality tools that perform under pressure, and supporting operations around the globe. Our product line includes casing scrapers and brushes, safety and kelly valves, internal blowout preventer valves, and surface test trees (flowheads).

Our tried-and-true PWC Cartridge™ style kelly and safety valves reflect our continued drive to provide tools that reduce downtime, improve safety, and add measurable value.

Operating out of our purpose-built facility in Breaux Bridge, Louisiana, we're equipped to meet today's demands with faster turnaround times, tighter quality control, and enhanced testing capabilities. M&M Oil Tools is here to support your success—every job, every time.

SPECIALTY DIES & INSERTS

- Custom-engineered solutions are a specialty M&M is proud to take on, and inquiries for specific applications are always welcome.
- All dies and inserts are available in grit configurations upon request, with many sizes already in stock.
- Custom lengths and thicknesses are available—even for standard dies and inserts.
